LIVESTOCK AND DAIRY POOL MEETING AT EDGERTON

A very interested audience listened to Messrs Slattery and Love, who spoke respectively on the Cattle Pool and Dairy Pool in Milne's Hall on Tuesday February 3rd.

The degree of interest could be measured by the large percentage of the audience that signed contracts at the close of the addresses.

Mr. Slattery, the first speaker, briefly sketched the outstanding success of the Wheat Pool, proving as he went, how beneficial its effect was upon the business of the country as a whole, as well as to the farmer. He outlined the unsatisfactory condition of the livestock industry, stating that in same cases, cost of production so exceeded the market value that the owners preferred to knock the calves on the head rather than raise them. The speaker laid particular emphasis on the two essentials necessary to success in the Pool Project. They are control of the supply and the possession of an export market. Having the first, the buyer has to seek us. The possession of the second frees us from the dictation of the packers.

The formation of a Provincial

Pool and eventually an Interprovincial Pool is favored by the various livestock shipping associations already in existence. for they find, that while doing their best for the farmers, they are really competing against each other when it comes to the selling end. Mr. Slattery quoted figures showing the enormous export trade of the Argentine and Australia to Great Britain, and then gave the insignificant dribble that drains from Canada, which made one feel, that something was rotten in the state of our livestock industry.

The pertinent remark was made that any child can sell, but few men can really market.

We depend too much upon packers information. When it is in our mind that 50 per cent of the hogs in the past year entered the packing plants without ever going to the open market, we have some idea of their influence, and can easily understand that their objective is not exactly ours. Our contract is watertight yet elastic, asking nothing unreasonable, yet protecting the interests of the association. Mr. Brownlee is chiefly responsible first; it was however submitted to Mr. Sapiro, who recommended it.

Mr. Love in speaking for the

Dairy Pool, stated that while Alberta has (thanks to Mr. Mark-er) perhaps the best system of marketing butter on the continent, it would help the Government Department very much if there was a constant supply available, which the Pool would ensure.

As an instance of what co-operation can do, he quoted the price the Fraser Valley farmers received for their cream this summer. 62½ cents while the prairie farmer was receiving 32 or 35 cents. The B.C. men had carried on a fight for 15 years before the victory could be made possible.

They are such thorough co-operators that when "interests" opposed to them, offered a 10c. premium, not a single farmer defaulted. Mr. Love gave as one reason for their poor price we receive on an average for the year, is on account of the heavy overhead exuense the small creamery is put to during the winter months.

The suggestion was made, that during the winter months, the small creameries be closed and the cream shipped to some central point.

The Dairy contract was also due largely to Mr. Brownlee's efforts and also received Mr. Sapiro's recommendation. At the

close of the meeting, the country around Edgerton was divided into its various districts and canvassers appointed. Where U.F.A. locals are in operation there was no difficulty. The problem was somewhat difficult in the non-organized territories.

Mr. Parkinson of Edgerton is acting secretary, and all canvassers will report to him.

This is only one of the steps, that the farmer will have to take, before he brings about his own economic emancipation.

It is a national duty devolving upon this class, as well as serving its own selfish interests, to lift itself to a position of economic independence.

THE C. G. I. T. NOTES

The C.G.I.T. Busy Bee Society held their monthly social at Mrs. Parcels' home Friday evening last.

They first held their regular business meeting and then all went to the rink for a skating party. They then returned to Mrs. Parcels and spent the remaining part of the evening in games. Refreshments were served by Mrs. Parcels.

Soaps have advanced in price—but look at Saker's add on page 8

NOTES FROM NORTH EAST

The weather during the last week was all that could be desired, but Oh, the trials.

Our Marsden friends do nothing by halves. A splendid time was spent last Wednesday evening under the auspices of the newly formed Dramatic Society. A special report will appear.

And next week a meeting is being held for all those who have the community spirit. Who said High School?

Don't let the local news altogether stop your Editorials Mr. Editor. We never fully appreciate good things until we miss them.

Wonder how the special meeting of the ratepayers of Sherlock Lake School District turned out. By the tone of the Annual meeting a new school is a foregone conclusion.
